OTHER FOREIGN NEWS.

LONDON, Oct. 24.—Parliament reassembled yesterday. The following is the Queen's speech at the opening of the sessions;

MY LORDS AND GENTLEMEN: I have brought you together to enable you to further consider the great subject of representation of the people. I continue to maintain relations of amity with all foreign powers. The information from the Soudan includes painful uncertainties, but the energy, courage and resource conspicuously displayed by General Gordon in his successful defense of Khartoum deserve my warm recognition. The advance of my troops to Dongola has for its object the rescue and security of that gallant officer, and of those who so faithfully co-operated with him. I am using my best endeavors in Egypt to promote further improvement of affairs in that country. I have given my support to the Egyptian Government in the difficult financial position in which it was left through the failure of the recent conference. I regret the occurrence in Transvaal and am considering with the Cape Government means to secure the observance of the convention.

GENTLEMEN OF THE HOUSE OF COMMONS—The operations in the Soudan render it necessary to ask of you further pecuniary provision.

MY LORDS AND GENTLEMEN—A bill for the extension of the Parliamentary franchise will be at once introduced. May the blessing of God attend your labors.

In the Commons, Gladstone gave notice that he would ask that priority be granted to the Franchise bill throughout the session.

In the Lords, Baron Bolper, Liberal, in moving the address in reply to the Queen's speech, launched into a discussion of the franchise question, and expressed the hope that the bill would be adopted by the Peers without delay. Lord Salisbury, the Conservative leader, announced that the House was willing to pass the complete franchise measure, together with the Redistribution act, at the earliest date. Earl Granville urged a calm discussion of the bill. The House then adjourned to November 3.

DUBLIN, Oct. 24.—The *Mail* regards the removal of Trevelyan as an evidence of the conclusion of another "Kilmainham treaty" between Gladstone and Parnell.

BERLIN, Oct. 24.—Eight persons have been burned to death in a fire in Westphalia.

BERLIN, Oct. 24.—The Duke of Cumberland has issued a proclamation assuming the Government of the Duchy of Brunswick and reserving the right to issue the necessary orders in relation to the oath of allegiance. He says he intends to govern the country in accordance with the imperial and provincial constitutions. The *West Gazette* says that copies of the proclamation have been sent to all the German Princes and to the authorities of the German free towns. The German Court favors the candidacy of Prince Albert, of Prussia, to the throne of the Duchy. The Assembly has expressed loyalty toward the German Emperor and empire.

PARIS, Oct. 24.—Prime Minister Ferry, Captain Fournier, who negotiated on the part of France the Tien-stin treaty, and General Millot, lately Commander of the French forces at Tonquin, have been invited to confer with the Tonquin Committee of the Chamber of Deputies.

LONDON, Oct. 24.—It is stated in Paris that one of the Powers is likely to take steps looking to mediation between China and France, with a view to the amicable settlement of the present difficulties. This Power is believed to be Germany.

PARIS, Oct. 24.—Advices from China give the following particulars of the French defeat at Tamsui on October 15: Liue Ming Schuan, the Chinese General, sent some of his soldiers disguised as coolies to the office to assist the French in their work of building forts. Meanwhile the rest of the Chinese soldiers formed an ambush near at hand. Presently the signal previously agreed upon was given, whereupon the supposed coolies and the soldiers in ambush made a sudden attack upon the French and hemmed them in on all sides. The French were overwhelmed and rushed into the sea in the wildest confusion. Admiral Lespes admits that 106 of his men were killed. He offered a reward of $6 for each corpse restored. The loss of the French flag is greatly deplored. Admiral Lespes endeavored to recover it from the Chinese by offering them two flags in exchange, but the Chinese refused to entertain the bargain.

BRUSSELS, Oct. 24.—The King in conferring with Prime Minister Malon requested the withdrawal from the Cabinet of Ministers Jacobs and Wooste. After the Cabinet Council had considered the request Malon informed the King that the whole Ministry must stand or fall together. The King replied that he would consider what course to pursue.

LISBON, Oct. 24.—The King yesterday gave audience to Hon. Lewis Richmond, the newly-appointed American Minister, who presented his credentials.

PARIS, Oct. 24.—Sarah Bernhardt has been compelled by increasing ill-health to accept her physician's advice, and has made arrangements to depart at once for the seashore. Her recovery is considered very doubtful.

LONDON, Oct. 24.—The *Times'* dispatch from Moscow reports the suspension of J. Borrissowsky & Sons, with liabilities amounting to $3,500,000.

Gould's Latest Gobble.

NEW YORK, Oct. 24.—Kiernan's News Agency is authority for the following: "A conference was held between Messrs. Sage, Gould, Adams and Smith, President of the Oregon Transcontinental Company, where by the loan called from the Oregon Transcontinental last week has been taken up and securities of the Oregon Railway and Navigation passed into the hands of the Gould party. It is said that Union Pacific people have thus secured a majority interest in the Oregon Railway and Navigation Company."

Freight Rates Undergo Changes.

MILWAUKEE, Wis., Oct. 24.—After a two days' session the Joint Western Classification Committee last evening adjourned to the first Wednesday of next February. About one hundred alterations were made in freight classifications and will go into effect November 10. The remainder of the week will be given to meetings of traffic and pool associations of Western railroad lines, arranging for winter business.

On Trial for a Brutal Murder.

BALTIMORE, Md., Oct. 24.—Gilbert W. Hazeltine, of Jamestown, N. Y., who, on July 19, killed two disreputable women in a house of ill-fame, was placed on trial in this city Thursday, ex-Governor W. Pinkney White being his leading counsel.

THE TENNESSEE BOND CASES.

Many Eminent Lawyers Brought Into the Supreme Court to Discuss the Cases.

WASHINGTON, Oct. 24.—The Tennessee bond cases, which comprise sixteen suits against sixteen Southern railroad corporations, and which involve outstanding bonds to the amount of $7,000,000, were called for argument in the United States Supreme Court yesterday afternoon. There was an extraordinary array of counsel present from all parts of the country, including Governor Hoadley, of Ohio; General Wager Swayne and John C. E. Gardner, of New York, who represented the bondholders, and C. F. Southmayd, of New York; Judge Campbell, of New Orleans; Judge East and Edward Baxter, of Nashville; Judge Houston, of Louisville; William M. Ramsey, of Cincinnati; General Wright and S. W. Humes, of Memphis; and P. J. Hamilton, of Mobile, as representatives of the railroad companies. The cases that are to be argued were begun in the Eastern, Western and Middle Districts of Tennessee in January, 1879, and were heard in May, 1880, by Hon. S. L. Withey, District Judge at Nashville, Tenn. The suits were brought by the bondholders for the purpose of enforcing a lien of railroads contained in an act of the general assembly of Tennessee of February 11, 1852, known as the "Internal-Improvement law." Under this Internal-Improvement law about $25,000,000 bonds of the State of Tennessee were issued by the State to the railroad companies which are the defendants in these cases. The bonds were negotiated by the railroad companies, and about $7,000,000 of them are now outstanding in the hands of holders all over the world. The bondholders contend that the lien for the payment of the bonds set forth in the Internal-Improvement act was for the benefit of the bondholders and that the bonds should be declared by the court to be the first lien on the railroads to which the bonds were issued. The contention of the railroad company, on the other hand, is that the lien was for the benefit of the State only. The decision of Judge Withey was adverse to the bondholders, and from that decision they appealed to this court in 1881. In view of the importance of the cases the court has extended the time for argument to nine hours for each side. Governor Hoadly opened the argument for the bondholders.

A Gentle Reminder.

CHICAGO, Oct. 24.—At ten o'clock yesterday morning the first snow of the season fell. It was very light and melted as soon as it struck the ground. The fall was very brief. At twelve o'clock last evening snow began falling again, but continued only for a short time.

ST. PAUL, Minn., Oct. 24.—The first snow of the season began falling last evening and is coming down steadily.

HARRISBURG, Pa., Oct. 24.—There was a slight snow squall here yesterday. The weather is extremely cold.

PITTSBURGH, Pa., Oct. 24.—The first snow of the season fell here yesterday, continuing at intervals all day.

Laborers' Wages Protected.

ALLENTOWN, Pa., Oct. 24.—Five of the cases of the laborers of the Bethlehem Iron Company were tried yesterday, the result being verdicts against the company. The court held that under the act of June 29, 1881, the company had no right to deduct store bills from the wages of their workmen, and directed verdicts for the plaintiffs. The amount involved in similar cases aggregated $20,000. The trial created much interest, as this is the first decision under an act of the Assembly protecting the wages of laborers. The company took exceptions and will carry the cases to the Supreme Court.

Denied by the Young Lady's Brother.

NEW YORK, Oct. 24.—Concerning the report published Thursday that an engagement existed between President Arthur and Miss Tille Frelinghuysen, the lady's brother George declares there is no truth or foundation for truth in it. "The existence of the engagement, said he, "has been rumored before, but the family and President Arthur have treated it as a joke, and do not feel annoyed by this last announcement for that reason." Miss Frelinghuysen, he further said, was absent from Raritan during the whole of the President's late visit.

The Alabama Lynching.

CHATTANOOGA, Tenn., Oct. 24.—Fuller particulars were received Wednesday of the double lynching of J. R. Dorsey, postmaster of Alpine, Ga., and the woman Jane Wade. When they were carried from the jail the woman confessed that Dorsey killed his niece, Mrs. Davis, and her guest, C. C. Jones, whom he mistook for her husband, but protested her own innocence. When the bodies had been strung up they were riddled with bullets, and were left hanging until last night. Dorsey was past seventy, and the woman past fifty.

Barbecue Whisky Maddens a Woman.

WABASH, Ind., Oct. 24.—A bloody row occurred on a passenger train near here last evening. The train was full of people returning from a barbecue in Peru. A woman named Cottipen, crazed with liquor, drew a long knife and began cutting and slashing among the occupants of the car. Henry Garner was cut in the shoulder, D. Quinn was dangerously stabbed in the face, and Conductor Prince was stabbed in the face. The woman was finally ejected from the train.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882.

"*Gentlemen:* My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.
Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882. Yours gratefully,
HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.

ALL taxation shall be limited to the requirements of economical government. The necessary reduction in taxation can, and must be, effected without depriving American labor of the ability to compete successfully with foreign labor, and without imposing lower rates of duty than will be ample to cover any increased cost of production which may exist in consequence of the higher rate of wages prevailing in this country.

"MY DEAR FISHER" comes to the front again.

PETER PERL will make a good coroner. Vote for him.

MONOPOLY is for Blaine and business for Cleveland.—New York Graphic.

THE independent republican vote of New York is estimated at 130,000. Alas! poor Blaine.

"DON'T let any human being except your wife know you are coming down!"—J. G. B.

Now republican friends what did you think of the show? "Honor bright!"

CINCINNATI polled 7,000 more votes than they have men of voting age in the city.

BETS are offered in Logan county that Carter Harrison will beat Oglesby in that county 250 votes.

THE crowd yesterday was not sympathetic, and Mr. Blaine appeared to have forgotten his magnetism.

THE meeting at the depot yesterday was more like a funeral than an enthusiastic reception. Poor Blaine!

THE heavy business failures of the past few months are an evidence that "protection" will not insure prosperity or protect against bankruptcy.

MR. BLAINE evidently misunderstood the Irishman who spoke out in the crowd yesterday and said: "The Irishman who will vote for you ought to be shot." He was evidently stirred up to this by the wrongs of McSweeney.

HON. DAVID DAVIS was advertised as director of the Blaine business on the route yesterday. He failed to turn up. He was doubtless at home sitting on the fence admiring the beauty of his broad acres, and not troubling himself about Blaine or his success.

HENRY WARD BEECHER declared against Blaine before he was nominated. So did the Globe-Democrat, Chicago Tribune, New York Tribune, Cincinnati Commercial and many leading republicans. But they returned "as a dog returneth to his vomit."

OVER five hundred Virginia ex-confederate soldiers have extended an invitation to Gen. Logan to deliver an address to the voters of the Shenandoah Valley at Harrisburg, Va.—[Decatur Republican.

From the character of the screed in the Republican a few days ago against ex-rebels, one would think it would be an insult to any republican to be asked to address ex-rebel soldiers.

MR. BLAINE attributes all our material blessings since 1860 to the blessings of a protective tariff. The sunlight, the dews and the gentle rains have had nothing to do with it. The labor of the farmer, those who dig and delve in the earth; those who strike sturdy blows to build and put into shape our houses and barns and highways and railways, and all articles of mechanism have not had anything to do with it. Oh, no, Mr. Blaine! The protective tariff has enabled a few men like you to grow immensely rich, but the great mass of the people who labor with their hands are none the better off for it. It is now showing its results in thousands of men being out of employment, and many of those who do work, getting starvation wages. If you cannot give any other reason for your being president, you had better go back to Maine.

HARPER'S WEEKLY, probably the most forcible and dignified of the independent papers of the country, says:

"The quiet dignity of Gov. Cleveland during this bitter personal campaign has greatly impressed the country. Not a week passes that some fresh and disastrous illustration of the crooked and questionable conduct of Mr. Blaine during his official career is not made public. But against the perfect honor of Mr. Cleveland's official action not one serious blow has been even aimed. The more closely his career is scanned, the more plainly it appears that the guiding principle of his conduct has been the great truth that public office is a public trust. The mayor of Buffalo and the governor of New York are not found to be involved in vast speculative schemes whose value depends largely upon action he can control. He is not the broker of such enterprises. He is not found entreating to be let in upon the ground floor, nor promising not to be a dead-head, nor proposing schemes in which his influence may be serviceable, nor when hopelessly entangled in a net of his own letters, begging a friend to save him by asserting what the same friend has told him is not true, nor, lest he should lose votes, declaring that he never owned property, which undeniable documents prove that he did own."

MR. BLAINE has come and gone. The crowd that turned out to see him was creditable in point of numbers, and was orderly and quiet, to tameness. Mr. Blaine is either falsely credited with a magnetic presence, or is travel worn, and not at his best. When Carter Harrison appeared before his audience in Decatur, he was received with such applause that he could not speak for several minutes. Not so with this "magnetic" candidate. A faint cheer greeted his appearance, and after a simple introduction by Senator Cullom, he began his speech at once. At no time did the cheer extend to the third "hurrah." No one thought of proposing, "three cheers for Blaine." Mr. Blaine probably realizes the force of his own words, as he expressed them during the Seymour-Grant campaign, in the Brooklyn Academy of Music on the 30th of October, 1868, and published in the New York Tribune the next day. He then said: "If we need any excuse for an additional word on our side, it may be found and furnished in the extraordinary spectacle presented at this moment before the American people, when the candidate of the democratic party, in wild despair at the result of the state elections, is traveling through the country on express trains at the rate of thirty miles an hour, with disheveled hair and wild companions, engaged in the hopeless task of reviving the impaired constitution of the democratic party. And no sooner had he started upon this most extraordinary journey than you found democratic papers in tones of impudent defiance daring the republicans to send General Grant on a wild mission of the same character. No, thank you, gentlemen, one presidential candidate making a fool of himself at the rate of thirty miles an hour is quite enough; and General Grant, in the garb of a plain citizen, quietly awaits the verdict of the nation in his modest home at Galena."

In imagination he sees Gov. Cleveland, in the garb of a plain citizen, attending to his duties as governor of the great state of New York, quietly awaiting the verdict of the nation.

"Therefore, thou art inexcusable, O man, whosoever thou art that judgest; for wherein thou judgest another, thou condemnest thyself; for thou that judgest doest the same things. (Rom. 11, 1.)

HENRY WARD BEECHER in his great speech in Brookly, on Thursday night, speaking of Gov. Cleveland, said:

This man Grover Cleveland does not know what dishonesty is. Jim Blaine does, and he has prospered by means of capital derived from it. Judge Davis says that he could not vote for Grover Cleveland because he had personally superintended the hanging of a criminal. Does he intend us to infer that a man should not be supported who attends strictly to his duties in whatever capacity? As mayor of the city of Buffalo he did his duty. As a rebuke to the managers of the republican party he was exhalted to the position of governor of the state. [Applause.] Nor has there been any opportunity afforded to criticise his action since his accession to the gubernatorial chair. In this position he has been as simple as a child and

AS SINCERE AS A SAINT.

With good common sense and uncommon honesty, though a zealous democrat, he has shown that he loved the state and country more than party. [Applause.] While Blaine was begging votes from grog-shop to grog-shop in Ohio, West Virginia, Indiana, Michigan, and New York, there sat in Albany Grover Cleveland, attending to the duties of his office, preferring to let the country employ its own judgement as to whether he should be called up higher. He isn't acceptable to some democrats. Why? He is too honest for them. [Applause.] A man of sterling honesty is Grover Cleveland. If the government is to be freed from the dangers of a complex combination that will endanger its future, Cleveland is the man to do it. [Applause.] They say we don't wish to leave our party. Would you vote for Tweed were he the nominee of your party? The logic of this is infamous. The man who practices such principles ought not to go home until he has bathed and cleansed himself thoroughly. To elect Mr. Blaine under all the charges made against him, and under his history we published to the world, is to say to every impure man: "No matter what your life if you get the regular nomination we will put you into the presidential chair." Will you teach your children that lying is not a sin? The truth is the cohesive thing which holds society together. It is the bond which creates trust between man and man, and to put Mr. Blaine into the presidential chair is to teach young men that lying is foible. Will not such men as Bayard, Thurman, Carlisle, and Lamar do for Cleveland's cabinet? Do you prefer that it should be Blaine's cabinet, made up of such characters as Dorsey, Elkins, Jones and the like? How would you like to see Jay Gould seated in the chair of the treasury? If you vote for St. John you vote in the air. If you vote for Butler

YOU VOTE FOR MUD.

If you vote for Cleveland you vote for an honest man. [Great applause.]

BY THE LIGHT OF DAY.

Past Impossibilities the Facts of the Present—Help in the New Era.

"I remember when they were putting up the poles for the first telegraph line in the State of New York, and now look there!" exclaimed a citizen of the metropolis to his friend, as the two stood on the summit of the tall Equitable building in Broadway. "The city is strung with wires like a harp, and electric communication is the daily miracle of the world. People no longer wonder and laugh at it as they did at Morse when he first suggested its possibility."

The age marches on and prejudice must give way. Nobody has a monopoly of truth. Even the conservative guild of physicians admit that the secrets of medicine are shared by all men. "I dressed his wound, and God healed him," said old Galen. Once that terrible disease, Rheumatism, was supposed to be a shifting, local ailment, now attacking the joints and now the muscles. To-day it is demonstrated to be a disease of the blood.

Mrs. Henry Bogert, of No. 154 Atlantic Avenue, Brooklyn, N. Y., writes to Messrs. Hiscox & Co., of New York, proprietors of Parker's Tonic that "she had been completely disabled from Rheumatism and pain in the back and limbs. She was advised to take the Tonic for Kidney disease. She did so, and her Rheumatism disappeared." The reason is simple. Diseased Kidneys produce rheumatic symptoms. Cure them and you destroy Rheumatism. This is now admitted by all intelligent physicians. It is the new light thrown on their time-worn and mistaken theories.

Parker's Tonic which is a combination of the best remedies for the blood known to science, is universally successful in combating this terribly common complaint. Those who, like Mrs. Bogert, suffer from Kidney or Liver diseases or any complaint arising from impure blood, will find the Tonic a prompt and certain remedy. Prices, 50c and $1. per bottle. The larger size the cheaper.

A Mass of Eels Stop a Mill.

WABASH, Ind., Oct. 24.—Yesterday morning the machinery in the Wabash flouring-mills came to a sudden stop, and upon investigation it was found that seven large eels, each nearly four feet long and weighing seven pounds, had entered the turbine wheel, which supplies the motive power for the mill, and choked it up. In the afternoon the mill again stopped abruptly, and the turbine was a second time found full of eels. This time nine, weighing in the aggregate sixty pounds, were removed from the wheel. The way Bro. Stanley, of the Litchfield Courier, prates about honesty, and denounces dishonesty and political trickery, in his effort to get votes for state senator, one would almost imagine he had renounced his allegiance to the republican party and was anxious to run on a democratic platform.

Abel & Locke purchased a large portion of the Bridges stock sold under execution yesterday. They have a most complete stock in all departments and can suit the taste of anyone. A call at their store will well repay anyone desiring carpets, curtains, wall paper or any article in that line. d&w

The Grand Lodge of Knights of Pythias of the state of Illinois met at Joliet at 10 o'clock a. m. on Tuesday, and after a session of three days closed on Thursday evening. One hundred and ten lodges were represented, and the session was a harmonious and profitable one. F. M. Burroughs, esq., of Clinton, was elected Grand Chancellor for the ensuing year, and James B. Ricks, of Taylorville, vice Chancellor.

While over to the Catholic fair the other evening, Charley Laux, of the St. Nicholas, was shown a large and beautiful doll, by some ladies with the information that it was the "Maid of Erin." Charley tried to convince them that they were mistaken about the matter, but the ladies indignantly informed him they knew what they were talking about, and to keep peace Charley admitted that they did, but he added that he thought the doll was "Made of wax." Strange to say he escaped without being injured.

Rev. C. S. Smith, of Bloomington, who recently renounced Blaine and Logan and came out for Cleveland and Hendricks, delivered a strong speech in that city on Thursday evening. He said he was opposed to the republican policy on the tariff question and said above all things that made him religiously mad, was for the republican party to claim the credit of freeing his people when they were no more entitled to it than the democrats. His audience was a very large one and they applauded his speech liberally. Smith is a very well educated negro and is an eloquent talker. Since he renounced Blaine the republican papers are hammering him for all they are worth, but a few weeks ago they considered him a great man in the party.

The End of the Fair.

The Catholic fair and festival at the tabernacle drew to a close last evening, or rather, early this morning, for the voting was kept up a long while after midnight. In the contest of the elegant gold watch Mark Moran was victorious over Alex Sutton by a large majority. The beautiful doll "Maid of Erin" was voted to Miss Gracie Blume, a suit of clothes to Denny McKay, a diamond ring to Miss May Gallagher, a silver watch to Miss Mollie Bohon and a handsome doll to Carrie Keys. The gold headed cane, which was contested for by Wm. Weber, representing the Authony & Kuhn Brewing Company of St. Louis, and Albert Martin, representing the Decatur Brewery, was won by the former, who received over two thousand votes. His opponent apparently made no effort to secure the prize.

"The Little Joker."

The above is the title of the new play in which Miss Swain will appear at the opera house on Saturday next, November 1st. It will present the gifted young actress in new and original characters and peculiar specialties, which in every way surpass all her previous acting in any play that she has created. "The Little Joker" is a domestic and yet sensational picture of life, illustrating city life and its perils and is in five acts. Miss Carrie Swain will sustain the role of "Chirp, the Little Joker," and will introduce new songs, medleys, dances, etc. She will be supported by an excellent company under the management of Fred. G. Maeder and a most enjoyable performance may be anticipated. Secure your seats at Curtis'. Popular prices, 35, 50 and 75 cents.

THE "MAGNETIC" MAN.

He was Received at the Depot by a Large Crowd But with Little Enthusiasm.

For a week or ten days the local republican managers have been booming the coming of Blaine, and through their efforts an immense crowd assembled at the depot yesterday afternoon to see the "magnetic man." It had been previously announced that his train would arrive here between 12 and 1 o'clock, but in the forenoon a telegram was received stating it would not come until 3 o'clock. A little before that hour the marching clubs assembled at their headquarters, and marched to the depot in the following order:

Goodman's Band
Drum Corps
Escort Club
Blaine and Logan Club No. 2
Reception Committee
Martial Band.

The Escort club really made a nice showing and attracted considerable attention. At the vacant spot just west of the depot a speaker's stand had been erected and decorated with buntings and flags. The reception committee and members of the city press occupied position on the stand. The crowd which surrounded it, was estimated at from 4,000 to 5,000. The train did not arrive until nearly half past three, and when it did come the people were somewhat surprised to see Mr. Blaine's car attached to the rear of an excursion train being run to Springfield. After some little delay it was backed up near the speaker's stand, and the "magnetic man" immediately after made his appearance thereon. He was not greeted with a wild burst of enthusiasm. A few cheers went up and that was all. A verbatim report of Mr. Blaine's remarks is not given, but what he said in substance is.

Senator Cullom introduced Blaine by saying: "I take great pleasure in introducing to you James G. Blaine, the republican candidate for president."

Mr. Blaine said: "And it gives me great pleasure to see so many republicans in Illinois. It is republican states like Illinois that form the republican reserves of the nation. It is strong republican states like Illinois that gives us confidence in the doubtful states. Twenty-four years ago an Illinois man was elected president and to-day ranks higher than any man who ever held that position, except George Washington. The people have been prosperous and it is the material interest that we are discussing in this campaign. I call attention and desire to impress this fact upon you, that when Lincoln was called to the presidency the census gave the valuation of the property in this country at $16,000,000,000, and of that sum $2,000,000,000 was slave property in the south, leaving the actual value at $14,000,000,000. Twenty years after, in 1880, by the census report the value of the property was $44,000,000,000. Mark that. From the discovery of America by Columbus to Lincoln's election the property only increased to $16,000,000,000. From then to 1880, $30,000,000,000 have been added. What causes have produced so marvelous a change. It was nothing more than giving to labor and capital the benefit of a protective tariff. Labor that would have been employed elsewhere has been employed at home. As an illustration of the fact I remember being censured in congress for voting to put a tax of $28 per ton on steel rails. Railroad [illegible] all over the country said that to favor a few persons we had taxed them all. Time has [illegible] and in the dispatch of yesterday I see that the Canada Pacific railroad has bought 10,000 tons of rails in [illegible] at $26 50 per ton, which is ten shillings less than they could be made for in England and freighted to Canada. Let no man say that the ultimate result of a protective tariff is to increase the cost to the consumer. Let every Irishman who wants a good day's wages for a day's work vote the republican ticket. When speaking of the advancement of the country, I did not say enough of the advancement of Illinois which was greater than all. Since the election of Lincoln she has advanced from a state to a central empire, which holds the balance of power between the two oceans. With a closing remark Mr. Blaine made his bow and quickly withdrew to his car without speaking to anyone on the platform, although it was crowded with the members of the reception committee and others.

The reception tendered Mr. Blaine by Decatur was a success as far as the number of persons present goes, but there was a woeful lack of enthusiasm. There were not three good, hearty, rousing cheers given during the whole proceedings. Even when Senator Cullom, from the rear platform of Blaine's car, proposed three cheers for him, the third one died in the effort.

Among the gentlemen on board the car were Senator Cullom, Joseph Medill, editor and proprietor of the Chicago Tribune, Walker Blaine and J. R. Mosser, who was appointed a member of the reception committee from the state at large by the managers of the Springfield rally, to which city the train went from here. Mr. Blaine spoke here but a few moments, and the train did not remain here over fifteen minutes.

Independent German Meeting.

Arrangements are being completed by the German Independent club for their meeting on Thursday next, which will beyond a shadow of a doubt be a grand success. Ex-Governor Koerner, of Belleville, an eloquent German orator, will be one of the speakers to address the club, and Gen. Hermann Leib of Chicago, who needs no introduction to Decatur people, will be the other. The democrats have decided to join with the club and make this a county demonstration. Hon. J. C. Robinson, of Springfield, Hon. Whig Ewing of Chicago, and most likely Hon. W. W. O'Brien, the celebrated lawyer, will be the English speakers.

Miss Ida Haws a most estimable young lady of Decatur, arrived in the city last evening on the Wabash, and will be the guest of her friend, Miss Dora Gordner, on East Capital avenue.—[Springfield Register.

Archie McNeeley, the Wabash engineer, is spending a few weeks with relatives in California. He went to San Francisco from here as a delegate to the convention of the Brotherhood of Locomotive Engineers, but it has now adjourned and Archie is enjoying himself.

John G. Drennan, esq., states attorney of Christian county and candidate for re-election, was in the city yesterday, and gave us a friendly call. Mr. Drennan is a good lawyer, full of energy, and strong in the faith of democracy, and hopeful of victory on the 4th proximo.

Judge Greer arrived home yesterday afternoon from his visit to friends in Ohio. He came from Lafayette on the Blaine special, and when he would appear on the platform at country towns, the natives would take him for the Maine man, and cheer enthusiastically. The Judge enjoyed the sport as much as the natives.

Mr. A. T. Grist returned yesterday from Joliet, where he had been in attendance at the annual meeting of the Grand Lodge of the state of Illinois of Knights of Pythias, as a delegate from the lodge in this city. He reports having had a pleasant time, and speaks in the highest terms of the [illegible] extended to visiting delegates and members by the people of Joliet.

FURY OF THE FLAMES.

The Dry-Goods Store of T. A. Chapman & Co., the Largest in Milwaukee, Burned.

Several Other Sufferers by the Same Fire Bring the Aggregate Loss Up to More than $750,000.

Flames in Two Chicago Furniture Factories Cause $30,000 Loss—New Jersey Forest Fires Extinguished.

OTHER BLAZES.

MILWAUKEE, Wis., Oct. 24.—At ten o'clock last evening fire broke out in the cloak department of A. Chapman's mammoth dry-goods establishment, resulting in its complete destruction, together with the contents. There was a prompt response from the Fire Department, but it was soon evident that the structure was doomed. A general alarm was sounded, bringing out the entire Fire Department of the city, but even this seemed to have no effect on the flames, which swept through the magnificent establishment as though it were a tinder-box. Within two hours from the hour of discovering the fire the building and contents were a mass of ruins.

At 11:50 the Milwaukee street wall fell, but warning had been given, so that the firemen and citizens were out of danger and no one was injured. After the wall fell the flames were soon under control and prevented spreading to the adjoining blocks, which previously seemed inevitable.

The origin of the fire is a mystery. Mr. Mills, Chapman's confidential clerk, said that everything was safe at 6:30, when the store was closed. Aubrey, the private watchman, said that for half an hour before the alarm was turned in he smelt smoke, but could not locate it.

The building, which was a five-story brick, was about one hundred and sixty feet on Wisconsin street and extended two hundred down on Milwaukee. It was one of the most complete arranged dry-goods store in the West. Mr. Chapman having expended thousands of dollars on its interior finish. The portion of the block occupied by Stark Bros. was owned by H. E. Dickinson. The block was one of the most substantial in the city. Stark Bros. have been in business here for many years and are reckoned among the most substantial firms in the city. Their loss is estimated at from $80,000 to $100,000, which is well covered by insurance. The store in the northeast corner of the block was occupied by E. T. Poposkey, a dealer in paintings and artists' goods. Much of this stock was removed. His loss is $25,000, with an insurance of $4,000. Dickinson's loss is about $40,000, with an insurance of $24,000. A dentist named Dillingham also occupied rooms in the building and sustained a loss of $2,000.

Estimates on Chapman's losses are: Stock, $400,000; insurance, $300,000. Building, $200,000; insurance, $100,000. Nothing can be learned of the companies holding the policies. Stark Bros., dealers in carpets and curtains, occupying a portion of the building, loss $100,000 on their stock. Everything is fully covered by insurance.

The dry-goods firm of T. A. Chapman & Co. is one of the oldest in this city. T. A. Chapman has been engaged in the business in Milwaukee for nearly forty years, and has succeeded in establishing a business of immense proportions, his sales last year aggregating $1,250,000. Mr. Chapman gave employment to about 375 men and women, who are thrown out of work by the fire. Although the firm goes under the name of T. A. Chapman & Co., it is said that Mr. Chapman was almost the sole owner of the establishment, and the loss will fall almost exclusively on him.

The monument to be erected in memory of the victims of the Newhall House holocaust has arrived, and will be unveiled, it is thought, November 3.

CHICAGO, Oct. 24.—Fire yesterday afternoon totally destroyed the three-story furniture factory of Johnson & Ellison, on Homer street, near Milwaukee avenue. The flames originated in a hot journal. The firm estimates its loss at $8,000 on the stock, $5,000 on the building, and $1,000 on the machinery. The loss is partly covered by an insurance of $7,000. Freeze & Brustemaier's furniture factory, also a three-story frame building, adjoining Johnson & Ellison's. It was fired and totally destroyed, with a loss of $3,000 on the building and $4,000 on the stock and machinery, the whole insured for $2,500. Freeze & Hamlin owned a pile of walnut lumber, containing about fifty thousand feet, which was burned. This was uninsured.

PEORIA, Ill., Oct. 24.—While clearing away the ruins of Hutchinson & Co.'s cooper shop, which was burned Wednesday evening, the excavators yesterday afternoon found the charred and blackened corpse of Christopher Leonart, who had been employed in the shop. It is supposed the unfortunate man, in attempting to save his tools from the burning building, was overcome by the smoke and was unable to make his escape.

NEW YORK, Oct. 24.—Another telegraphic appeal for succor comes from the stricken village of Carthage, where the number of people homeless and penniless will reach 500. The exact situation is much worse than was at first reported, and a scene is presented of sorrow and desolation seldom witnessed. There are 124 families destitute. It rained there all Wednesday and snowed yesterday. In this city popular sympathy was evinced itself by a subscription of $1,240, which was raised by Miles Smith, a salesman for Bates, Reed & Cooley, wholesale dry-goods, and which was forwarded to-day.

PHILADELPHIA, Oct. 24.—Residents of South Jersey who have been fighting forest fires over a week retired to their homes Wednesday night with a feeling of relief as they heard raindrops on the leaves. The storm was general throughout that section and has done a great deal towards extinguishing the fires, although they are still smoldering in the underbrush. The damage will amount at least to $250,000.

Nabbed at the Express Office.

CHICAGO, Oct. 24.—Louis Mischel, traveling agent for a Chicago jewelry house, had a chestful of samples valued at $300 stolen out of his room in St. Louis last Saturday night. The police learned that the chest had been expressed to this point in care of the American Express Company. A watch was stationed at the express office and when Michael Johnson, otherwise "Myers," called yesterday to claim the chest he was arrested. Johnson is said to be a noted St. Louis crook.

Held for Forgery.

FREEHOLD, N. J., Oct. 24.—Frank Patterson, the theatrical manager of Asbury Park, was arraigned yesterday upon indictments charging him with having forged indorsements to notes aggregating $36,000. There were thirty-four indictments against him. He pleaded not guilty and gave bonds of $10,000.

AFTER A HARD FIGHT.

A Private Banking-House at the National Capital Forced to Suspend—Liabilities, $170,000.

WASHINGTON, Oct. 24.—The private banking-house of H. D. Cooke & Co., of this city, suspended yesterday, an announcement being posted on the door that the bank was unable to meet pressing demands, and had concluded to suspend temporarily. H. D. Cooke, of Washington, and A. G. Campbell, of Kansas and Utah, compose the firm. Major Corson, confidential clerk of the bank, said that the liabilities of the concern would reach $170,000, of which $30,000 is secured. There are few creditors outside of Washington. Unfortunate investments caused the suspension. Last January the unsecured debts amounted to $400,000, and had been steadily cleared off until the firm reached a point where the remaining assets were unavailable for immediate use. Mr. Cooke said yesterday that there was no doubt the assets of the firm, including railroad and land interests, would more than clear off all debts. The suspension created more surprise than excitement in the city, and much sympathy is expressed on all sides for Mr. Cooke, who still commands the confidence of the business community notwithstanding his misfortune. Unlike the failures of Middleton & Co. and Squires, Mr. Cooke's suspension was not caused by reckless living and kite-flying speculations. The failure within a short period of so many private banking institutions in Washington has necessarily caused their line of deposits to be much reduced, and business men are mainly patronizing the National banks.

PANIC IN A THEATER.

A Senseless Cry of Fire Causes a Rush for Life in a Montreal Place of Amusement—Women and Children Trampled Upon—No Lives Lost.

MONTREAL, Can., Oct. 24.—The Royal Theater Museum, a ten-cent show, was packed at the matinee yesterday afternoon, the audience numbering two thousand persons, chiefly women and children. Two boys in the crowded gallery engaged in a fight, when the cry of "Fire them out" was raised. This was understood below to be a cry of fire, and a panic seized the crowd. A wild rush was made for the four exits on the first floor. All the passages were instantly choked with a struggling, unreasoning mass of humanity. There being no available outlet the women became frantic. Many fainted, fell and were trampled upon by the rushing crowd. The actors and attaches of the theater vainly endeavored to quiet the causeless frenzy by shouting that there was no fire. The panic, however, lasted until all who were physically able had left the theater. Then it was discovered that two or three dozen women and children had been crushed to the floor in the aisles, and were more or less severely bruised. None of them were able to walk home, and cabs were procured. It is regarded as a miracle that some were not killed outright.

Relief for Iowa's District Courts.

DUBUQUE, Ia., Oct. 24.—At the coming election the people will vote on an amendment to the Constitution changing the clause of 1857 by which the State was divided into seven Judicial Districts and which provided that the number could be increased but one in every four years. The original Constitution has proved to be inadequate to the demands of the increasing population, and in every district the courts are now hopelessly behind in their dockets, which, in spite of the most dextrous proceedings, continue to gain on the courts. The members of the last General Assembly unanimously agreed to the proposed amendment.

She Fed Them on "Rough on Rats."

COLUMBUS, Ga., Oct. 24.—Ella Gamble has been convicted of murder in Harris County, and sentenced to the penitentiary for life. Ella was an inmate of the house of Pink Buchanan, whose affections she enjoyed for a season. Buchanan's wife ordered the woman to leave the house, whereupon she mixed "Rough on Rats" in the day's batch of bread, intending the poisoned loaf for Mrs. Buchanan, in the event of whose demise she would succeed to the vacant place. The plot miscarried however, and Pink became the victim instead of his wife.

Blown Up to Hurt the Contractor.

MONTREAL, Can., Oct. 24.—Detectives Fahey and Kellert, of this city, profess to have obtained a clue to the perpetrators of the recent dynamite explosions at the Parliament buildings at Quebec. The detectives had an interview here yesterday with members of the local cabinet, and subsequently went before a police magistrate for warrants. Reticence is preserved as to the authors, but it has leaked out that the affair was planned and executed by local conspirators who had grievances against the contractor.

Soldiers' Monument Dedicated.

WATERBURY, Conn., Oct. 24.—Probably twenty-five thousand strangers were here at the dedication of the soldiers' monument yesterday. At 1:30 o'clock there were over three thousand persons in line. After the parade the soldiers' monument was unveiled. The presentation address was delivered by F. J. Kingsbury, and the address of acceptance by John O'Neil. The address of dedication was made by Senator Platt.

A Wife's Part in Politics.

ST. LOUIS, Oct. 24.—It is developed that the charges that Dr. J. H. McLean was ineligible to a seat in Congress were instigated by his wife, and reached publication directly through his brother-in-law, E. J. Fox. Mrs. McLean is very anxious that her husband should keep out of politics. The charges were to the effect that McLean has never taken out full naturalization papers.

Death of Admiral Lynch.

VALPARAISO, Oct. 24.—The new Chilian war-ship Esmeralda has arrived from England, bringing the remains of Rear-Admiral Lynch, which will be moved to Santiago this afternoon for interment. Don Patricio Lynch, the first news of whose death is conveyed by the above dispatch, was the head of the Chilian navy.

New Hebrew Orphan Asylum.

NEW YORK, Oct. 24.—The new Hebrew Orphan Asylum on the bank of the Hudson River, between One Hundred and Thirty-sixth and One Hundred and Thirty-eighth streets, was dedicated yesterday. It cost $600,000, and will accommodate five hundred inmates.

A Masonic View of the Liquor Traffic.

COLUMBUS, O., Oct. 24.—Among the resolutions passed by the Masonic Grand Lodge of Ohio yesterday was one that the selling of intoxicating drinks is a Masonic offense and should disqualify any one from affiliating with or joining any lodge.

Commencing October 21st, the P. D. & E. railway will make a rate of $[illegible] to Kansas City, and St. Joseph, Mo., Atchison and Leavenworth, Kan., and a rate of $3 75 will be made to Omaha, Neb. Inquire of ticket [illegible]

RATES STILL COMING DOWN.

Baltimore & Ohio Makes a Cut—Scalpers Underselling the Railroads—West Shore Bondholders Make a Protest—A Steamboat Passenger War.

PHILADELPHIA, Oct. 24.—Yesterday the Baltimore & Ohio Railroad took another step in the war with the Pennsylvania by a cut in Western through passenger rates. At all the offices here tickets are being sold from this city to the West by way of New York at figures considerably lower than those of the rival line. The rates are by this cut $17.50 to Chicago, or seventy-five cents less than Pennsylvania through tickets, and $21.50 to St. Louis, or $1.25 less.

NEW YORK, Oct. 24.—The owners of about one million of West Shore bonds have addressed a letter to President John A. Stewart, of the United States Trust Company, who is a trustee of the bonds, protesting against the action of the receivers in cutting passenger rates. The bondholders fear that a debt of receiver's certificates will be created that will destroy the value of the first mortgage bonds. They are in favor of removing the receiver.

The ticket-brokers took a hand in the rate war yesterday. One announced that he would sell tickets to Chicago at $13, and another at $14, first-class. The probability is that tickets to the West will be sold at $12 before the week ends.

NEW YORK, Oct. 24.—The rate of passage between Albany and this city, by steamer, including berth in cabin, has been reduced to $1—the result of the passenger war in progress between the steamboat companies and Vanderbilt.

NEW YORK, Oct. 24.—In the United States Circuit Court yesterday morning Judge Wallace vacated the injunction to compel the Adams Express Company to carry the express matter of the Baltimore & Ohio Express Company. This confirms the action of Judge Treat, of St. Louis, who vacated a similar injunction there.

CINCINNATI, Oct. 24.—All roads running from Cincinnati to Missouri River points, including the Cincinnati, Hamilton & Dayton, the Ohio & Mississippi, Cincinnati, Indianapolis, St. Louis & Chicago, Louisville & Nashville, and others are selling tickets to Kansas City at a cut of thirty per cent.

WRECKED BY A SWITCH.

An Engineer and Many Cattle Killed in a Canadian Railroad Crash.

MONTREAL, Can., Oct. 24.—The express train which left here Wednesday night ran into a cattle and freight train east bound at Point Claire Station. The engines of both trains are reported destroyed. Alexander Stewart, the engineer of the express train, was killed and the fireman seriously injured, both legs being broken. A number of the passengers were slightly injured. George McMaster, a commercial traveler of this city, was badly hurt about the head and body. A large number of cattle were killed. The loss of property is estimated at over $100,000. The freight train had been switched into the siding to allow the express to pass, but the engineer overran the switch, allowing his engine to protrude on the main line. A moment later the express came rushing on. The engineer and fireman of the freight, seeing it was too late to avoid an accident, jumped for their lives and escaped unhurt. The engineer of the express was instantly killed. The fireman, who was unable to jump from the engine, had his legs broken and one foot cut off. The wreck was complete, both engines being interlocked and the boilers burst and smashed out of all shape. The freight cars were telescoped and overturned. They contained 120 sheep, all of which were killed. The body of Stewart, the engineer, was burned to a charred mass.

A New Anæsthetic.

NEW YORK, Oct. 24.—One of the consulting oculists of the Mount Sinai Hospital had occasion to perform an operation for the removal of a mature cataract in the capsule of a woman's eye. He had learned some time ago the remarkable properties of hydro-chlorate of cocaine, which were discovered by a Heidelberg student while experimenting with cocoa. His discovery was that this drug dropped into the eye would render it insensible to feeling. This material the Mount Sinai surgeon, knowing that it had already been successfully used as a local anæsthetic, used it on the eyes of his patient, and the operation was performed without her suffering any pain whatever. Yesterday she was doing well, and the operation was regarded as thoroughly successful. The new anæsthetic deadens the nerves, but does not injure them nor the surrounding skin. Theodore Hadel, superintendent of the hospital, said to-day that it was not yet known whether it would act on other portions of the body as it did on the eyes. Its general use, he thought, would be prevented by its cost. The price at present is $5,000 per pound.

Safe-Robbers Secure a Large Sum.

FERGUS FALLS, Minn., Oct. 24.—A daring and successful robbery was committed on Bismarck avenue Wednesday night in which the robbers secured $2,000 worth of booty. C. H. Hoyt, jeweler, had just completed a brick block, occupied by a dry-goods store, but in it he kept his safe, which contained $1,700 worth of jewelry and $200 in cash. The robbers entered by the front door, forcing off the bolts. They then bored a hole near the combination and pried the door off, securing everything in the safe and escaping. Ten people were sleeping over the store, but heard nothing, and the robbery was not discovered until this morning.

A Propeller Overdue.

CHICAGO, Oct. 24.—The propeller Swallow, which has been running between White Lake and this port, is past due, and it is feared she was in the gale Tuesday night. The Swallow left Chicago last Monday, arrived at White Lake early the next morning, and cleared the next evening, her cargo being about two hundred and fifty thousand feet of lumber. The Swallow should have arrived here Wednesday, but up to midnight last evening she had not been heard from. She was commanded by Captain Andrew Flagstead, and carried a crew of about eleven men. The propeller was owned by Murphy & Co., of Montague, Mich.

Killed on His Way to Market.

CLEVELAND, O., Oct. 24.—Charles Kimball, a butcher, driving to market about three o'clock a. m. yesterday, lay asleep in his wagon-box. On approaching the railway crossing in the Eighteenth Ward his team took fright and dashed into a coal train. The horses and man were killed, and the wreck of the wagon derailed four cars, tearing up a considerable stretch of track.

Cleveland to Go to Connecticut.

NEW HAVEN, Conn., Oct. 24.—Governor Cleveland has notified the Democratic State Committee of his acceptance of its invitation to visit New Haven October 30. A monster mass meeting will be held.

Among the many distressing forms of neuralgic and rheumatic diseases, there is none more malignant than sciatica or lumbago. A cordial testimonial to the radical powers of Athlophoros in dealing with these enemies of peace of mind and body comes from Mrs. A. P. Luke and Mrs. John Nat[illegible], whose mother, after suffering indescribable agony day and night, was materially relieved by three doses of Athlophoros, and by its continued use was soon made quite comfortable. "We think the cure wonderful," wrote the ladies.

EXCRU

CIATING is expressive of the most intense pain, and yet sufferers from Rheumatism and Neuralgia say it does not express the agony they endure.

CAN THE PAIN BE RELIEVED?

Mr. Benj. F. Congdon, Randolph, N. Y., writes:

"Mrs. Mary J. Wilcox is using ATHLOPHOROS now continually for long-standing Inflammatory Rheumatism, probably her case is incurable, but nothing else gives her such relief from the excruciating pains as ATHLOPHOROS."

No medicine has ever been produced that has been so successful as

ATHLO-PHOROS

and testimonials regarding its efficacy come unsolicited from all parts of the country.

Mr. R. B. Watson, 181, 18th St. Detroit, Mich. says:

"About March 1st, my wife was taken with a severe attack of Rheumatism, upper and lower limbs swollen badly, suffered intense pain, and part of the time obliged to remain in bed. Tried various remedies with no relief; was induced to try ATHLOPHOROS May 1st. After taking six doses, pain was entirely gone and swelling nearly all reduced. The medicine has worked like a charm, and I feel assured that another bottle or two will give positive cure."

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed.
